Criando um projeto

Selecione New Project

Criando um projeto

De um nome ao projeto e selecione a
enviroment venv

The image shows the 'New Project' dialog box in NetBeans. The 'Steps' panel on the left indicates that the user is at step 2, 'Name and Location'. The main panel contains several fields for configuring the project. The 'Project Name' is 'aula-python-poo'. The 'Project Location' is 'Jsers\olive\OneDrive\Documentos\NetBeansProjects', with a 'Browse...' button. The 'Project Folder' is 'ive\Documentos\NetBeansProjects\aula-python-poo'. The 'Python' field shows the path 'C:\Users\olive\AppData\Local\Programs\Python\Pyth', with a 'Change' button. The 'Virtual environment' is set to 'virtualenv' with a dropdown arrow. At the bottom, there are buttons for '< Back', 'Next >', 'Finish' (highlighted), 'Cancel', and 'Help'.

New Project

Steps

1. Choose Project
2. **Name and Location**

Name and Location

Project Name:

Project Location:

Project Folder:
